MAR 12 2013

Eric Massey
Director, Air Quality Division
Arizona Department of Environmental Quality
1110 West Washington St.
Phoenix, Arizona 85007

Dear Mr. Massey:

On October 29, 2012, the Arizona Department of Environmental Quality (ADEQ) submitted revisions to the Arizona State Implementation Plan (SIP). We have reviewed materials submitted with ADEQ's submittal of revisions to its New Source Review regulations (2012 New Source Review State Implementation Plan Submission) and found that they do not fulfill the completeness criteria in 40 CFR Part 51, Appendix V. Specifically, while the submittal includes an underline/strikeout version of Chapter 2 showing the revisions you propose to make to the SIP, the submittal does not include a clean final version of the regulations, which is a requirement under our completeness criteria. Therefore we must deem the submittal incomplete. Please amend the submittal by submitting a clean final version of the proposed regulations when it becomes available. We will continue to review the current submittal, but we cannot propose any actions until your submittal is complete.

Questions regarding our completeness review should be directed to Roger Kohn at (415) 972-3973 or kohn.roger@epa.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read "Deborah Jordan".

Deborah Jordan
Director, Air Division
